Dear George:

I wanted to pass along to you an excerpt from a letter written by a good friend of mine expressing heart-felt appreciation for the interest you took in a problem which he laid before you at my suggestion.

I know it must be heartening to you to receive such acknowledgment in a matter in which you have expended a great deal of energy and I want to add my personal thanks to those of [redacted] for having done so much for him.

25X1

Sincerely yours,

*W. A. H. Duller*
